UV 1900I UV-VIS SPECTROPHOTOMETER

Comparison of the UV-VIS spectrum of a sample with a standard

Key Ingredients

Thixolastic® Fast Dry WL 7 imparts a soft and rich skin texture upon and after application.

It has the capacity to dry fast, leaving a mat finish.

It creates a luxurious experience that is suitable for any type of lips, from dry to moist.

Key Ingredients

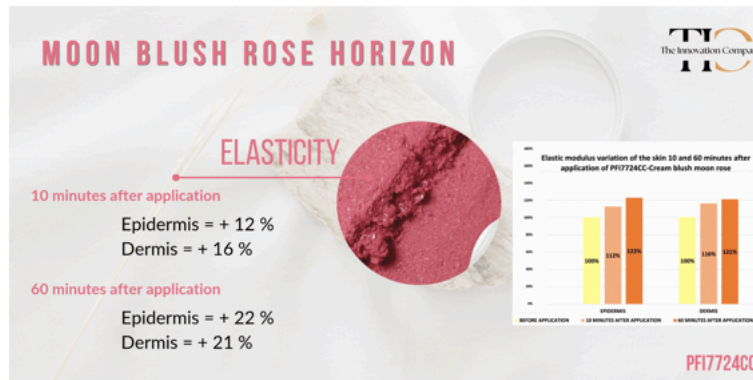

Creastar® Transformation Ceramic FM Moon Rose TF Pink Colourplus WL 20 is a pearlescent pigment that provides an amazing color changing effect.

It is ideal for make-up products, especially blush, eyeshadows and lipsticks as it is so colourful and vibrant.

Key Ingredients

Novatext® WL 4 Velvet ISO 16128 is a texturizer with soft and silky skin feel, bringing elegant smoothness to the formulation. It provides soft focus effect.
